

D53 (SPARROW DRIVER & DI for BASS)

COMPLETE FUNCTION, MIX SIGNAL WITH DI DESIGN, IDEAL WEAPON FOR BASSIST

SPARROW DRIVER&DI FOR BASS

Small as it is, the sparrow has all the vital organs. This small box captures all the sound of a classic tube bass amp. It has Drive, High and Low Frequency, HF Harmonics, and Mix controls and boasts analog cabinet emulation circuitry, including an XLR out for DI (perfect for live shows and pro recording) and parallel 1/4" to connect those pure, beautiful lows your stage amp.

DRIVER & DI STOMP BOX FOR BASS
